The Hon. Kerry Vincent MLC  
Liberal Member for Prosser

Dear Mr Vincent *Kerry*

### **CHANGE TO MINISTERIAL RESPONSIBILITIES**

Congratulations on your recent appointment as Minister for Infrastructure, and Minister for Local Government.

Our Government must continue to focus on delivery, and our 2030 Strong Plan for Tasmania's Future will help guide our delivery narrative. Further, I would appreciate it if you prioritise and focus on the below goals and objectives:

- Deliver the south-east traffic solution.
- Ensure Tasmanian ports are in optimal working order.
- Ensure improved road quality and pavement preservation.
- Support the Deputy Premier with government business reforms.
- Continue to work with councils to achieve greater efficiencies through shared service and / or amalgamations.

I look forward to meeting with you regularly to assess progress in meeting these goals.

In addition to the above, I note that we have released our third 100-day plan and ask that we continue to drive delivery of these plans that provide the public with regular updates on our Government's achievements.

My Office looks forward to collaborating with your team to ensure we collectively deliver on our Government's strategic objectives. Further, we would like to collectively reassess any areas within your responsibilities that may not be meeting our Government's strategic objectives so that our efforts can be focussed on meeting the above goals.

My team and I are here to support you and your office and can provide any assistance you may require in progressing toward our shared goals and objectives.

Congratulations on your appointment, and I look forward to working with you to deliver for all Tasmanians.

Yours sincerely

  
Jeremy Rockliff MP  
Premier
